

## UTSC Library Makerspace Orientation

Welcome to the UTSC Library's Makerspace Orientation. This session will introduce the space to you, as well as review general policies.

Please be advised that this session is not narrated.

### What is the Makerspace?

The Makerspace is bookable access to equipment and digital tools designed to turn creative ideas into realities.

### Who has access to the space?

The Makerspace is available to current University of Toronto students, faculty and staff.

### What equipment is available to book?

Available to book up to 3 hours in the Makerspace:

- iMacs with Adobe Creative Cloud
- Cricut Maker
- Button maker

Available to borrow for 3 days outside of the Makerspace:

- Lighting kit and cameras
- Lego
- Sewing machine

Our website has a complete list of equipment available to book.

### What about 3D printing?

You must watch our "Introduction to 3D Printing" tutorial and complete the quiz to gain access to the 3D printers.

### What else does the Makerspace offer?

Along with equipment and software, the Makerspace offers in-person and online workshops.

Current workshops include:

- 3D Design
- Stop Motion
- Arduino
- Podcasting

- You Can Build a Robot

Sign up today for one of our workshops.

[Are there any costs involved?](#)

Non-academic or non-entrepreneurial 3D printing is \$0.50 per 15 minutes.

Button maker is \$0.25 per button, and you must bring your own design.

Debit or credit only.

[How do I book equipment?](#)

From our website, sign into MS Bookings and select the equipment you would like to book.

You can see an item description when you select the Information icon.

Select the date and time, then add your personal details.

You will receive an email confirming your request. If you need to change or cancel your booking, select "Reschedule" from your confirmation email and update your appointment.

If you are a no-show for three of your bookings, you will lose access to the Makerspace and you will have to repeat the orientation process.

[Where can I find out more information?](#)

Visit our website for more information on equipment and policies.

[uoft.me/UTSCmakerspace](https://uoft.me/UTSCmakerspace)

From our website, you can sign up for our newsletter to keep up-to-date on all Makerspace news and events.

[Quiz time!](#)

It's now time to become a Makerspace user. Use the link or scan the QR code to access the quiz.

[uoft.me/makerspace-quiz](https://uoft.me/makerspace-quiz)

Once you complete the quiz, within 48 hours you will receive an email confirming that you are a new user.
